## National Guard Unit Planned For Bay

Plans are under way for the organization of a National Guard unit for Bay St. Louis.

Representatives from the Adjutant General's office in Jackson have met with various civic clubs, city officials, businessmen and community leaders in recent week concerning the establishment of a unit here.

The American Legion, Rotary Club, Chamber of Commerce and City Officials have endorsed the establishment of a unit.

According to proposed plans an Engineer unit of company size will be established with consideration being given to an Engineer Aviation Company.

A planning committee has been appointed to secure a building to be used as a temporary armory. It will be necessary for the community to furnish a building until a permanent armory building can be built.

A National Guard unit will be of benefit to the community in a number of ways. The salaries and drill pay of the full-time employees and members will compare to that of a small industry. Equipment and personnel will be available to go into immediate action in case of an emergency or a disaster in this area.

A local National Guard unit will permit young men who are facing a military future to begin their military training early. It is possible for a young man to complete his entire 8 year military obligation in the National Guard right here in Bay St. Louis. Personnel who enlist in the National Guard before they come 18½ years of age are draft exempt as long as their National Guard service is satisfactory. Former servicemen can enlist with the rank held prior to release from active duty. This also will give them an opportunity to continue their military training and advancement and retirement credit.

Age limits are 17 to 35.

A meeting of all personnel in the Bay St. Louis area who are interested in joining the unit will be held at the City Hall at 7:30 p.m. Monday night, October 4.

Purpose of the meeting is to determine the number of persons initially interested in forming the unit and to answer any questions prospective members may have concerning National Guard Service.

All interested persons are urged to attend.

### Legion Auxiliary Merits Special State Honors

American Legion Auxiliary Unit 139 of Bay St. Louis was among the top three Legion Auxiliary Units to receive special honors at the Area D. Conference Sept. 23.

In addition to being among the top three in the state in membership, the local unit also received a history book for traveling the farthest to the meeting.

Attending the conference, which was held in Laurel, were Mrs. Joe Compretta, Mrs. Rene Bermond Sr., Mrs. Ed Otte, Mrs. Leroy Luke, Mrs. L. S. Elliott, Mrs. Nellie Nelson, Mrs. Dan Ziegler, Mrs. Ida Telhiard, Mrs. Nelius Rhodes and Mrs. Russell Elliott.

The meeting was called to order by Mrs. F. L. Dickson, Department President. Andy Scott, Mayor of the host city, welcomed the guests. Commander Freeman of the Marvin E. Stanton Post 11, Major Hiller, Biloxi V.A., and John Leonard of the Biloxi V.A. were among guest speakers.

Mrs. W. D. Pieri, Biloxi, expressed thanks for money sent in for the picnic grounds at the Biloxi hospital.

Mr. Oden of the 40 & 8, and his daughter, Ruth, gave short talks. Miss Oden was one of the girls that attended Girls State.

Miss Jerolyn Ross, President of Girls Nation, addressed the Auxiliary units, thanking them for the opportunity to attend Girls State.

Mr. Friland, Gulfport Hospital, reminded members to attend the Orientation Course at Gulfport Hospital Oct. 13 at 1:30 p.m.

Mrs. A. A. Bush, Department Vice President, said that Korean War mothers, wives and daughters should join the Auxiliary and members should renew their memberships.

### Next Blood Drawing Set For Oct. 13: Donors To Receive Several Gifts

A special meeting of the Hancock County Blood Bank was held last Friday night at the American Legion Home. Organizations represented were The American Legion, the Legion Auxiliary, the Chamber of Commerce, City of Bay St. Louis, Knights of Columbus and Masonic Lodge.

The need for public blood drawing in the near future was explained by George E. Heitzmann, president of the Blood Bank. Heitzmann told of the constant drain on the blood reserve of the Hancock County Blood Bank at Foundation Hospital in New Orleans.

In most cases, he pointed out, the calls were for one or two units of blood, but in one case 12 units were needed. He announced that the Blood Bank was credited with having saved several lives of Hancock County residents by being able to supply immediate needs for blood within minutes when needed.

Heitzmann said the reserve held by the blood bank was dangerously low.

Members present voted to hold a public blood drawing from 4 p.m. to 8 p.m. on October 13. It is expected that as in the past, the drawing will be held at the Bay Youth Center.

### Clermont Home Robbed Of Entire Contents

The entire contents of the summer home of Mr. and Mrs. C. M. Buckles at Clermont Harbor were stolen when a van was thought to have backed up to the door and removed the furnishings around Sept. 16.

The theft was not discovered until the following week end.

The Buckles home is situated on the beach at Clermont Harbor on the corner that formerly was owned by the Tom Hills of New Orleans.

Mr. and Mrs. Buckles locked the house and returned to New Orleans. They did not come over the following week end, nor did their next door neighbors, the Sidney Bienvenues.

It was the week end of the 23rd that the Bienvenues came to their home. They smelled a strong odor of escaping gas, and noticed a screen cut on the porch of the Buckles home. Upon investigating they discovered the house had been stripped of all contents, and gas was escaping from an open pipe where the kitchen stove had been removed and the pipe left un capped.

They notified Sheriff John Egloff, who sent Constable Nolan Kingston to investigate. The Buckles were called to their New Orleans home.

Approximately \$1800 worth of furnishings were taken by the burglars. Constable Kingston reports that no arrests have been made, but that several leads have been followed by the police and identification of the thieves and arrests are expected to be made shortly.

## Boyter Acquitted of Novak Murder

### C of C Hears Plea For Nat'l Guard Unit Here

Major Erwin and Captain Rayburn of the Mississippi National Guard last Thursday night made an appeal to the Chamber of Commerce to urge support of a National Guard Unit for Hancock County.

Major Erwin explained that a full national Guard unit here would mean that from \$60,000 to \$75,000 would be poured into the pockets of local citizens each year.

Mayor John Seafide pointed out that this in itself is equivalent to a new industry which would be all profit to the Community.

The guard officers have viewed several sites for possible housing of a unit here. One full-time employee will be hired immediately upon the activation of a unit here, according to Major Erwin. When the unit has grown to full strength, four full time employees will be hired, he said.

Commander Sidney L. Bourgeois, Russell J. Elliott, Fred E. Fayard Sr., and Bert E. Estapa, a delegation representing the local American Legion, attended the meeting to support the Chamber of Commerce in their appeal. The Legion and the Rotary Club previously had pledged their support of the establishment of a Guard unit here.

Chamber of Commerce members appeared wholeheartedly in favor of the unit.

After deliberating for 50 minutes following the summing up of the case against Howard Boyter, 49, in the murder of John Novak, the jury filed back into the courtroom Monday night to return a verdict of not guilty.

Defending attorney was Sam Favre, appointed by the Court. Boyce Holloman, District Attorney, represented the State in the prosecution.

A special venire of 100 jurors was called before a jury was selected.

An interesting feature of the case was testimony given by G. W. Lee Jr. stationed in Labrador with the Armed Forces. Lee was flown here through cooperation of the Pentagon in Washington, and his testimony given to the court here.

Novak's body was found near McCoud's Bridge on the Kiln road the morning of August 14.

Several witnesses testified that an argument had taken place between Boyter and Novak, and that Boyter had struck Novak with a piece of lumber during the fracas.

Novak, originally from New York, had been staying with Mr. and Mrs. Boyter in New Orleans, and had come with them several months prior to his death to Hancock County, where they were all living together.

Last week Boyter became ill in jail and was taken to King's Daughters Hospital, where he remained as a patient until his trial Monday.

### LEGION TO MEET TUESDAY NITE

Regular October meeting of Clement R. Bontemps Post 139 will be held Tuesday, Oct. 5 at 8 p.m., according to Sidney L. Bourgeois, Commander.

Several committees, including the Hospital Committee, Blood Bank Committee and the Building committee will make important announcements to members at this stated.

Plans for the annual Harvest Ball to be held October 23 will be discussed and committee appointed, Bourgeois said.

All old members, new members and prospective members are urged to attend this important meeting.

Bert Estapa, chairman of the refreshment committee, announced that special refreshments would be served following the meeting. Estapa stated that he was planning for a large crowd and hoped he wouldn't have to pour out any refreshments.

### UN Committee to Meet Tues, Oct. 5

The United Nations Committee will meet at 10 a.m. Tuesday, Oct. 5 at City Hall.

### CAST NAMED FOR NEXT LITTLE THEATRE PLAY; REHEARSALS START FRI.

Rehearsals will begin tomorrow night for "The Cat and the Canary," next production of the Bay St. Louis Little Theatre, according to Mrs. Caroline Kiefer, who will direct the play.

The cast, which is made up of several long-time favorites of Little Theatre audiences as well as some promising newcomers, will include:

John Bell, one of the charter members of the theatre and one of its staunchest promoters. He served as president for two years and also has served as business manager. He won an Oscar for his role as Ruth's father in "Dear Ruth," and also won an Oscar for his performance in "George Washington Slept Here." He has been in a number of other plays, and is one of the most popular male actors in the theatre group.

John Husband, who has had a role in several plays, including "The Curious Savage" and "Death Takes a Holiday." He is a professor of English at Tulane University, and formerly was at Columbia.

Patsy Gex, who is making her debut in Little Theatre work, she is in "The Cat and the Canary," and has a good speaking voice, she is a speech teacher. She was graduated from SJA and the University of Alabama. Miss Gex is the daughter of Mr. and Mrs. L. M. Gex, Sr.

Charlie Kiefer has appeared in several plays. His earliest role was in "Sunup," and his last appearance was in "Payment Deferred." A graduate of Mississippi State and the University of New York, he is an engineer with the Minneapolis-Honeywell Corp.

Dr. Adrian "Buddy" Hava served as a pilot in the Army during World War II and as a Navy pilot during the Korean war. He was graduated from St. Stanislaus and Loyola University. He returned to Bay St. Louis last year and now is practicing dentistry here. This is his first Little Theatre appearance.

Laurence Oden, winner of the 1952 Oscar for his performance in "The Man," makes his second appearance in "The Cat and the Canary." However, he has appeared twice in musicals at the theatre—first in a musical evening and second as the accompanist in "Enoch Arden." He is a talented musician, teacher, director and composer.

Vicki Hill is very well known to local audiences, and has appeared in many local plays. She won an Oscar for her characterization of Ameena in "Rain." She currently is a member of the theatre board, serving as secretary.

Adele Husband won acclaim for her interpretation of the doctor's wife in "Rain," and did an outstanding job in "Curious Savage." She also has done a great deal of work backstage.

Lloyd Griffith, a New Orleans businessman, is a newcomer to the Little Theatre group, although he has always had a desire to try his hand at amateur acting.

Evelyn Griffith, his wife, a talented writer and musician, also tries her hand at little theatre work for the first time.

### Returns From Red Cross Leadership Training Center

Eleanor Bufkin, a junior at Bay High School and Junior Red Cross Worker, recently returned from Gulf Park College, Gulfport, where she was a delegate from the Hancock County American Red Cross chapter to the ten-day southeastern area Junior Red Cross leadership training center.

Miss Bufkin made her report to Mrs. Philip Foote, newly appointed Junior Red Cross Chairman.

Plans call for the establishment of Junior Red Cross councils in the schools and more active participation by the young people in the services and activities of the chapter.

### 4-Year-Old Boy Is Bitten By Rattlesnake

Thomas Layne II, 4 years old, is the victim of a rattlesnake bite received last Friday afternoon when he and his baby sister Mary, 2, were playing in the yard of their home on Highway 90 about 5 miles west of Bay St. Louis.

The two little children decided to play on the slide. Tommy ascended the steps and as he reached the top rung of the ladder the snake reared up and struck the child on the upper lip. The snake apparently had slithered up a pole of the playground equipment and was sunning himself on top of the slide.

Upon hearing the children scream, their father ran into the yard. Baby Mary showed her daddy where the snake was, and he was able to kill it.

Tommy was rushed to the hospital where anti-venom serum was administered. He was taken to Memorial Hospital in Gulfport for further observation and treatment, later returning to King's Daughters Hospital here.

Mrs. Layne, mother of the children, was at the dentist at the time of the accident.

He is reported "responding to treatment."

### FORMER RESIDENT DIES IN NEW ORLEANS SUN.

Edwin (Benny) Anderson, native of Bay St. Louis and resident of Norco, La. for the last twenty years, died in New Orleans Sunday, Sept. 26, at 4:45 p.m.

He is survived by his widow, Mrs. Edna Walker Anderson, and four sons, Capt. Roscoe Anderson, USAF, now stationed in California, and Stanley, Cedric and Peter Anderson, all of Norco.

Funeral services were held from the Alexander Funeral Home in Norco, Tuesday, Sept. 28, with religious services by the St. Charles Borromeo Church, Destrehan, La. Interment was in St. Charles Borromeo Cemetery, Destrehan.

The deceased was employed by the Shell Oil Co. of Norco, La.

### Legion Auxiliary To Collect Blankets Oct. 14 For Needy Korean Children

October 14 has been designated as Blanket Collection Day by the American Legion Auxiliary. These blankets will be sent to Korea to keep the children of needy families warm during the cold weather.

Anyone wishing to donate a blanket is asked to deliver it to Mrs. Gordon Romanoff at 403 Main St., or call 735-W and it will be picked up.

### WSCS CIRCLE 2 TO HAVE RUMMAGE SALE FRI, SAT.

WSCS Circle II of the Main Street Methodist Church will have their annual rummage sale Friday and Saturday, October 1 - 2.

The sale will be held from 8 a.m. to 5 p.m. in the Educational Building on Main St.

## County Hospital Project Has Surmounted Another Hurdle Says Legion Committee

Members of the American Legion hospital committee expressed confidence today that the county's application for a hospital had passed another hurdle in the long route to final approval. This confidence was gained through recent events and other information reaching the group, according to John D. Rutherford Jr., chairman of the Committee.

Last Thursday two inspectors from the Mississippi Commission on Hospital Care were in Bay St. Louis. They inspected every property offered free or for sale for a site for the proposed hospital. The two inspectors, Mr. O'Neill and Mr. McCord, evaluated each site from the standpoint of accessibility for patients and the public, proximity to public utilities, drainage, natural protection from the elements and public conveniences. The question of the price of any site was not considered in the judgment passed by the inspectors.

The inspectors approved three sites as being suitable locations for the hospital. It is expected that the final decision will be made from among these three if no other suitable sites are offered in the meantime. The Legion committee was informed the final decision would be made on Oct. 9 or soon thereafter.

Another factor in the committee's confidence was information received that the Hancock County hospital application forwarded to Baltimore, Md., the next step after approval by the state group. The Mississippi Commission has been non-committal concerning its action on the application but the move indicates a favorable action from that commission.

"Our committee is hopeful that these indications are correct, but whatever the final outcome, we are in this movement until a new, modern hospital is a reality in Hancock County," Rutherford concluded.

Pupils of Christ Episcopal Day School are shown just before they boarded the train for a ride, a part of their study of ways and means of transportation. —Photo by Carol Pfeiffer.

### TO OUR ADVERTISERS

Beginning with the next issue of the Hancock County Eagle, Thursday, October 7, our display advertising rate will be increased from 35c to 40c per column inch.

This small increase is necessary to partially offset the constantly increasing cost of production which is nearly double what it was when we entered business five years ago.

We feel sure that our advertisers will agree with us that this small increase is in line with the rising cost in all business these days.

Sincerely,  
THE MANAGEMENT

## HANCOCK MAN GETS DEATH SENTENCE IN SLAYING OF FELLOW CONVICT

A. C. Lafontaine of Hancock County was sentenced to death last week for the slaying of a fellow convict in their penitentiary dormitory last March.

Sanders said Lafontaine did not testify and testimony was offered in his defense.

Sanders said the guilty verdict automatically sentenced Lafontaine to death, but under Mississippi law appeal from a death sentence is automatic.

Another convict, F. L. Scott, charged as an accessory, pleaded guilty to murder and received a life sentence.

Testimony showed there had been difficulty between Lafontaine and his victim, Ralph DeLoach.

A fellow prisoner, unidentified for fear of prison reprisal, testified he saw Lafontaine and Scott approach the bed where DeLoach lay lifeless.

DeLoach pulled over his head to shut out the light. He said that Scott stood on one side of the bunk to prevent DeLoach from escaping and Lafontaine reached under the cover from the other side and slashed DeLoach's throat.

DeLoach tried to rise, Scott struck him, the prisoner said. DeLoach ran to the end of the dormitory where he collapsed and died.

### DR. PARKE McKITTRIC NEW BAPTIST PASTOR AT WAVELAND CHURCH

The Waveland Baptist Church has called Dr. Parke McKittric of Pelzer, S. C. as a full time pastor of the church.

Dr. McKittric, a graduate of Duke University at Durham, N. C., and the Baptist Seminary at New Orleans, lives near the church on Jeff Davis Ave.

Mrs. McKittric, the former Betty Stephens of Hattiesburg is a music graduate of Mississippi Woman's College, Hattiesburg, and will give private music lessons as well as direct the music department of the church.

Worship services are as follows:

Sunday—  
10:00 a.m. Sunday School  
11:00 a.m. Morning Worship  
6:30 p.m. Training Union  
7:30 Evening Worship

Wednesday—  
7:30 p.m. Prayer Service.

# MISSISSIPPI MAN NAMED RED CROSS VICE PRES.

In answer to an appeal from Stanley C. Allen, national chairman, for the 1955 Red Cross campaign, R. Baxter Wilson, president of Mississippi Power and Light Company, today accepted appointment as national vice chairman for the coming year.

Allen stressed the need for strong leadership and vast manpower to successfully raise the money to meet the needs of the American people through Red Cross services. "I know of your local activities and your great interest in Red Cross," he wrote, "and I would appreciate it greatly if you would share my responsibility for the coming year by serving as one of our national vice chairmen."

Accepting the appointment, Mr. Wilson said, "It is a privilege to be associated once again with the Red Cross. With the first hand results of Red Cross aid that we have seen in Mississippi and throughout the nation in the last 12 months, particularly in the

# BLUE JEANS CLUB MEETS SEPT 20

On Monday, Sept. 20, Mrs. F. O. McCay was hostess to the Blue Jeans Garden Club, entertaining at the enclosed patio of "The Old Lady." Such a lovely day, in a setting of great beauty, the subject under serious discussion by the club members was "garbage."

Garbage dumping has become a very serious menace to health in this area. The beauty of the Garden Club is being destroyed, it was pointed out. It was decided the Blue Jeans ask the cooperation of all civic minded groups, clubs, churches and schools, function and card parties to discuss this menace and to unite in a body to overcome it before it becomes a pestilence.

While the Blue Jeans are suggesting ways as to how to overcome this serious problem, the club urged.

Awards were made in entries in various classifications after this discussion, with ribbons going to Mrs. J. Saleeby for Dried Wild and Horticulture; Mrs. Chevis, Pinedale; Mrs. Rousseau, Miniature and Mrs. D. Jagan, cultivated and outdoor.

Mrs. Ed. Orrie was welcomed on her re-entrance to the club and Mrs. John Boudage as a new member.

disaster areas, the 1955 drive should be the most successful one.

"Our aim is to expand the circle of Red Cross contributors, and in doing this, I solicit the assistance of every Mississippian in bringing the needs of Red Cross to every possible contributor."

# LWV BOARD HOLDS FIRST FALL MEETING

The League of Women Voters of Bay St. Louis held its first fall board meeting Monday, Sept. 27, with Mrs. Paul Gaudet presiding.

Although the league is supposed to recess during the hot summer months, Mrs. Paul Gaudet, chairman of Voters Service, reported a very busy time for her committee. The WaveLand, Congressional and Bay St. Louis city elections were served and a prodigious amount of work has been done on the voting rolls. These are now in order, and a card index, alphabetically filed, and greatly improved the efficiency of the voting commission in the future.

Mrs. Charles Gremling, chairman of no-nonsense, reported a paid up membership of 47. The League requests a membership of 75 to operate at maximum efficiency. Mrs. Gremling would like to see if all the people who had expressed their eagerness to join the league had just received their dues. The community approach to the value of the League, and the League's chairman, Mrs. Gremling, to see if the appreciation by sending their dues at once to the treasurer, Mrs. Harry Lynch, WaveLand.

Mrs. Gaudet brought with her the land use map which the League had made with the cooperation of the Mayor and Commissioners of Bay St. Louis. Members of the League will look on the map and then turn it over to the city before the first of the year for fulfillment of the city planning program.

A program for the first general meeting of the League was discussed. The meeting will be held on October 21 and further details about the program will be announced at a later date.

Mrs. Ernest Samuel, State Board Vice President, reported on a state board meeting held September 21-22 in Jackson, at which Mrs. John Lee, National President met with the Board and the individual members to discuss and advise concerning League problems. Mrs. Lee is a woman of extraordinary intelligence and charm whose position as President of the League of Women Voters of the United States, which she has held for three terms, has made her an important figure on the National and international scene.

Another member of the National Board, Mrs. Henry Killeen of Orlando, Florida will meet with members of the Gulf Coast leagues this week in Gulfport.

# COTTON INDUSTRY MEET SCHEDULED FOR DELTA

The eleventh Cotton Spinner-Breeder conference, one of the most important cotton industry meetings of its kind, will be held at Greenville and Stoneville on October 11, 12 and 13th, according to the Delta Council which sponsors it annually. The theme of this year's conference will be "potentials for greater efficiencies in the cotton industry."

The meet annually attracts representatives from the entire cotton industry.

# PASTURES

The recommended seeding rates for fall planted pasture crops. These rates are: Oats, rye and barley, 100 to 200 pounds per acre; ryegrass, 25 pounds if alone on cultivated land and heavily and 40 to 50 pounds, crimson clover 20 to 25 pounds, white clover 3 to 5 pounds; vetch 25 pounds.

Winter peas, 40 pounds if covered and 60 to 75 pounds if sown on top of the ground; Bahia planted in the fall, 15 pounds; fall planted Dallis, 10 to 15 pounds; fescue, 10 pounds in rows.

These same seeding rates apply to sod seeding as well as other methods of planting.

October pasture jobs. Plant white clover, red clover, crimson clover, vetch and winter peas this month. Graze out all fields following crop harvest. Fertilize all established clover and legume pastures.

Apply lime to all pastures having a pH below 6.0. Plant oats or ryegrass out on sod. Interplant clover or legume pastures with a cereal or ryegrass so you will have balanced grazing next spring.

Plant oats for grain production. Disk up reseeding crimson clover areas to get a good stand. Plant your pastures for all seasons.

# POULTRY

Management is the key to successful poultry and egg production. Here are a few tips to help you get more profit from your poultry.

Keep granite grit before the birds at all times; they need this to help grind their feed. Oyster shell is necessary too. Hens need this to help build egg shells.

Provide plenty of feeder and waterer space so that the hens do not have to crowd and fight to eat or get a drink of water. Keep feed in the feeders at all times. However you should let them run empty once a day so that you can clean them out. Don't fill a feeder more than two-thirds full. If you fill them too full the hens will bill out and waste feed.

Fill waterers often. Keep the water clean and fresh. Even automatic waterers need to be washed out every day. Keep them clean.

Watch out for lice and mites. Check your hens at least once a week for lice; if they are present, you will find them around the vent.

Make sure that your poultry house has deep litter during cold weather; this helps keep the birds warm. Provide one nest for each five hens. Cuck rigidity. Do not feed loafers; it does not pay off.

Hens require constant attention to detail. One of the details is sanitation. Sanitation is vital to successful poultry production. Remember, if you take care of your hens, they will take care of you.

Next week, October 3-9, is national Fire Prevention Week. You have not already done so, it is a good time to take stock of the fire hazards on your farm and in your home.

Correct all fire hazards that you find. Remember "Inspection plus Correction equals Protection."

Check on the wiring of your home and farm buildings. A high percentage of fires are caused by faulty wiring.

Your dry pastures and woods fires present a fire hazard and National Fire Prevention week will be a good time to correct some of them. You are going to need all the grass that is left on your pastures . . . if it burns off, you won't have any left.

A good idea would be to disk fire lanes to separate your pastures from woods and roadsides. A pasture fire can get to stacked hay and destroy a whole winter feed supply—might be a good idea to disk a protective land around all hay stacks.

Keep fire out of your woods. Too much valuable timber is lost through woods fires. It not only causes a loss of money, but also causes soil erosion to begin. The value of land and the natural wildlife cover and feed results in a game shortage.

The first workshop on nursing for college women in Mississippi will be held at the University of Mississippi, October 1-3, under the sponsorship of the Department of Nursing. It is designed to acquaint college women with the variety of opportunities in nursing available to graduates from college schools of nursing.

# MISS PATRICIA CARCO BECOMES BRIDE OF SGT. CLYDE FAVRE

Miss Patricia Carco daughter of Mr. and Mrs. Robert Carco of Pass Christian became the bride recently of Sgt. Clyde Favre, a US Paratrooper, son of Mr. and Mrs. Forrest L. Favre of this city.

The ceremony was performed in St. Paul's Catholic Church at Pass Christian, with only members of the immediate families present.

The bride chose for her only attendant her sister, Mrs. Clayton Cuevas, and best man was S-Sergeant Arthur Ward.

Following the church ceremonies an informal reception was held at the home of the bride's parents.

The young couple will make their home at Ft. Bragg, N.C., where Sgt. Favre is stationed.

Entered as Second Class Matter at the Postoffice at Bay St. Louis under Act of March 3, 1879.

THIS WEEK  
Farm Bureau

Seven additional Mississippi counties were recommended for drought disaster aid Thursday by the state drought committee as details of the critical livestock feeding program were explained to state farm bankers by officials of the USDA.

C. L. Neill, state ASC committee chairman and chairman of the drought committee, announced that a recommendation was drawn up by the group adding Chickasaw, Claiborne, Clarke, Coahoma, Jasper, Jefferson, Lee, Prentiss and Simpson counties to the fifty Mississippi counties that already have been approved for drought aid by the federal drought committee.

If these additional counties are approved, a total of 57 Mississippi counties will have qualified for federal assistance in buying hay and grain for winter feeding of foundation livestock herds.

Under the program, which is closely akin to last year's program, the federal government will subsidize the drought-stricken livestockmen to this extent:

(1) The government will pay one-half of the freight of hay shipped into Mississippi by farmers qualifying for drought assistance, with the government's share not to exceed \$10 ton.

(2) The government will pay one dollar per hundredweight on purchases of the following grains—corn, oats, barley, grain sorghums, or mixed feeds—that contain high percentages of these grains.

To be eligible for drought aid all applicants must be bona fide farmers or stockmen whose principal occupation is farming or ranching and whose financial condition is such that he requires assistance under this program in order to maintain his foundation herd of livestock and continue his livestock operation.

"Livestock" in this program means cattle, sheep and goats only.

The 1955 program specifically restrains speculators, feed lot operators and farmer-hobbyists from participation. It is aimed at those bona fide farmers whose livelihood depends on the maintenance of his customary herd.

Steers, considered feed-lot animals,

THE UNITED NATIONS  
AND BAY ST. LOUIS

BY GORDON C. ROMANOFF

A few days ago a United Nations Committee was formed from representatives of the several organizations of Bay St. Louis. Mr. John Elliott was named as Chairman.

Many people in Bay St. Louis may wonder what this committee has to do with a United Nations Committee here. First of all, our citizens realize how badly we need a Committee in every community in America and the World.

Thirty-two thousand Americans died as a result of the Korean War. There are thirty-two thousand persons. Many more have been killed in World War II and previous wars. All these are tragedies.

Many Bay St. Louis farmers and sons gave their lives in these wars because there was no effective United Nations. Many more will be killed in the future because there is no effective United Nations.

Are you satisfied to have your husband and sons march off to fight sacrifice? Then find out how you can help.

Is War inevitable? Is it permanent? Are we not in a perilous position?

In Mississippi the program provides for 60-day assistance taking into account feed already on hand on each farm and that which will be harvested during the critical 60-day feeding period.

Dairymen occasionally buy much of their feed and are not in the program. The program will be administered by the county FFA committees in cooperation with the ASC (formerly the PHA) officers and county agents.

Details of the hay program are now being worked out in the various offices. Details of the grain program will be explained to the farmers and feed manufacturers at a special meeting in Jackson, September 29.

Under the program of feedstuffs will be purchased by farmers at prevailing market prices. Farmers also have supplies on their farms are eligible as dealers to other farmers providing certain regulations are followed.

Payment for grain and hay under the program will be made by the ASC offices in the form of negotiable certificates that ultimately will be paid by the Commodity Credit Corporation from their surpluses at market prices.

## Peace possible

Eighty-nine Senators thought Peace was possible when they out-voted two dissenters to the United States joining the United Nations.

President Truman thought so for he signed the Bill that committed our country to membership in the United Nations.

Hundreds of national organizations have endorsed the aims of the United Nations. Among them were: the American Legion, American Federation of Labor, American National Red Cross, Association of American Colleges, every organized Church group, League of Women Voters, Youth groups, Lions International, Order of the Eastern Star and many others.

What are the AIMS? To save our children and the succeeding generations from the scourge of war. To be able to stand strong enough to repel aggression and invasions of free countries. To undertake to advocate Peace but be able to force Peace if the United Nations cannot effect it amicably. To maintain Peace through Education.

How many persons in Bay St. Louis know the Facts About the United Nations? The UN has no authority in the internal affairs of our Country. The UN does not name GOD in its Charter but neither does the Constitution of the United States until this year, but we do believe in GOD and the Constitution. Russia does not control the UN. The UN did not drag the United States into the Korean War. Korea was invaded on June 25, 1950. The United States ordered its armed forces to aid the Koreans on the 26th of June. The UN met and called for collective action against North Korea.

On the 27th of June, this resolution was introduced by United States members of the UN. The UN has no power to order any nation to provide armed forces. The UN is a place to talk out the Problems, not to shoot them out. The UN can be only as strong as the participating nations.

These Nations can only be as strong as the people want them to be. With all of the tremendous cost of the UN the total cost to American Taxpayers is less than \$1c per year. Is this too high a cost for Peace?

As a representative of the Clement R. Bontemps Post 129 at the forming of the United Nations Committee in Bay St. Louis, I knew little of the United Nations' aims and record. I still know little, but I can see where an eventual Peace can be had by the people to the United Nations.

Call Mrs. R. J. Elliott or see your representative to the Committee. Get the real facts concerning the United Nations. WHY NOT HAVE PEACE?

## Complimented at Shower

Mrs. Fred Herlihy of Bay St. Louis and her daughter Mrs. Joseph Laura of New Orleans entertained Sunday evening complimentary to Miss Anna Mae Benigno, whose marriage will be an event of interest here and in New Orleans.

The party was a surprise lingerie shower given at the home of Mrs. Laura at 1414 General Pershing St. in New Orleans. Pink and white colors were used in the decor, and the dining table was laid with a lace cloth, center, and a parasol made of pink, nylon tulle. Pink tapers in silver candelabra were a part of the decorations and petit fours and mints in pink completed the table arrangements.

Pink flowers were used in arrangements throughout the reception rooms of the house. Miss Benigno was stunning in a fall tulle dress of black and white silk. Mrs. Herlihy received her guests in a French blue late afternoon frock trimmed with seed pearls and worn with navy accessories. Mrs. Laura chose for the occasion a fall sheer in navy blue.

About twenty guests were invited from both Bay St. Louis and New Orleans.

## SAFETY PATROL WARNS

## OF LICENSE CRACKDOWN

The Mississippi Highway Safety Patrol reveals that literally thousands of unlicensed drivers are operating motor vehicles on Mississippi Highways today and warns that a crackdown on offenders will be necessary.

The Drivers License Act rests on the premise that driving on public streets and highways is a privilege and not a right. This has been upheld by numerous courts.

In conferring the privilege to drive through proper tests and examinations, society is interested in making certain that the driver has the mental and physical equipment to drive properly.

Undoubtedly, many of the licensed drivers operating vehicles today are not qualified to drive and should not be permitted to do so, according to Chief of Patrol L. C. Hicks, who this week ordered patrolmen to begin checking drivers on highways for current drivers licenses.

"If you are qualified to drive and do not have a drivers license or your present license has expired, obtain a proper drivers license at the earliest possible moment," Hicks warned.

An increase in enrollment for the second consecutive year is expected at Mississippi State College for Women when the fall semester opens.

"We had a 13 per cent increase last year over the preceding year," President Charles P. Hogarth said, "and this year estimates based on pre-registration indicate another 15 per cent growth."

NOTICE!  
To Auto Owners

1955 Mississippi tags will go on sale October 1. All owners are advised to secure their tags as soon as possible in order to avoid last minute rush and congestion.

If you are unable to wait kindly call at the office and secure your applications. Fill them out and return; when the license is ready you will be notified. Owners whose tags have to come from Jackson are urged to make application early.

Kindly supply all personal tax receipt numbers on application if your car is subject to this tax. Senate Bill No. 1537, Regular Legislative Session 1954, provides that all vehicles subject to State and County Ad Valorem Taxes for the preceding fiscal year within this State and who are subject to Municipal Ad Valorem Taxes in the City of Bay St. Louis and the Town of Waveland for the preceding fiscal year and that no license tag shall be issued until the tax is paid.

For the convenience of those owners who live near the Pearl River County Line, they may purchase their tags and pay their personal tax at the City Hall in Picayune, Miss. Mr. Jack Read will take care of this.

## Legion Urges

## NEPH Week

## Observance

All posts of the American Legion have been urged by District Commander W. C. Bontemps to observe Neph Week, October 3-9, in observance of National Handicapped Week.

And members of the Clement R. Bontemps Post 129 added their part to that of the state commander.

NEPH Week is the period when employers are especially urged to consider the employment of physically handicapped persons.

Physically handicapped persons are urged to cooperate with the American Legion in this campaign.

"Ignorance and lack of understanding are the chief barriers to employment of the physically handicapped," said Commander Bontemps in a statement issued this week.

"That is why the American Legion is spearheading the drive in National Handicapped Week, October 3-9, in observance of National Handicapped Week."

"For 160,000,000 Americans, including 10 million who are physically handicapped, the war against disability is a daily battle. It is the battle of thousands of our finest young men, who have been maimed in the service of our country."

"These are the men who have fought for America. They gave their blood, their own arms, legs and eyes for the military triumphs. They have given us a sound policy of rehabilitation for disabled veterans. These companies have placed these veterans in jobs, and they have been trained to do what they can do. The results have been amazing. These companies have found that retrained war-disabled veterans produce more, they are more efficient, they stay on the job longer, they learn skills better, and they are better and more dependable workers."

Furthermore, the physical handicapped are less with disabled veterans and insurance rates are not higher.

"Every disabled veteran who receives GI unemployment compensation is registered at the nearest State Employment Office. Every employer has a job for him."

# Double Feature Slated For Local Grid Fans As Both Teams Come Home This Week

Rocks, Moss Point  
Both Undefeated,  
To Duel Friday Nite

Friday night at St. Stanislaus Stadium the St. Stanislaus Rockchaws will host the Moss Point Tigers.

Both teams are undefeated so far this season. The Rockchaws defeated Foley, Ala. 12-9, and last week fought to a 6-6 deadlock with Vigor in Prichard, Ala. Moss Point will enter the game with a 2-0 record. The Tigers topped Biloxi High 16-7 and last week upset the powerful Brookhaven Panthers 14-7.

Brookhaven was a heavy pregame choice, as they were rated third in the 18 group Mississippi Big Eight Conference by the Associated Press.

Last year the Rocks landed Moss Point a 18-13 setback. In that contest the Rocks had to fight hard and emerged with what was their hardest-won game of the season.

As it looks now, Moss Point is the choice to take the Southern division of the Big Eight and stands a good chance of winning the conference.

Probable starting lineups are—

**ST. STANISLAUS—**  
Dickie Fakier QB  
Billy Rhodes LHB  
Ed Hargrove RHB  
Woody Santa Cruz FB  
Gene Schexnayder LE  
Douglas Talbot LT

## New Lights. Scoreboard At Local Stadium

Ben Hille, president of the St. Stanislaus Sidelite Club, announced this week that all the new lights at the football field will be functioning this weekend. "They will be ready for the Bay High game Thursday night," Hille said.

A vote of thanks was given to all who participated in the effort to obtain the lights so quickly—Edmund Brignac Sr., Earl Ramond, Homer Gregory of the Mississippi Power Co., and H. H. Shattuck of Coast Electric.

Thanks also was expressed to all who gave time and labor whereby at least half of the \$10,000 project was paid. There still remains approximately \$5,000 to be paid, but the Sidelite Club felt certain that this amount would "not remain on the books very long."

Through the good work of M. J. Artigues, the Coast Coca-Cola Co. of Gulfport will donate an electric scoreboard. This comes from J. C. Milner, president of the company, to whom the club extended sincere thanks.

STATE FAIR BONUS PREMIUMS are discussed by R. M. Hearnin and Guy E. Middleton of United Gas with J. M. Dean (center), executive secretary of the Mississippi A. & I. Exposition Commission, at the State Fair Grounds in Jackson where the annual exposition will take place October 11-16. Hearnin (left) is Jackson District manager for United Gas production and transmission properties and Middleton heads the integrated natural gas system's Mississippi Division distribution operations. For the fifth consecutive year, the United Gas Companies are adding 50 per cent in cash to every premium awarded by State Fair authorities in the Junior classes.

MISSISSIPPI'S BIGGEST SHOW OF THE YEAR

**Come to The 1954 STATE FAIR**  
OCTOBER 11-16 JACKSON, MISS.  
FREE GATE!

- \* Livestock, Agricultural, 4-H Club F.F.A. Exhibits and Contests.
- \* Unusual Commercial and Industrial Displays, Big Arts and Crafts Show.
- \* Thousands of dollars to be given in Prizes and Awards.
- \* "State Fair Revue of 1954" — Bonuses, Carousels, Top Talent Spectacle — to be presented nightly at the Open-Air Grandstand.
- \* Royal American Shows will present the new "Moulin Rouge," "Harlem in Havana" and the sensational "Dancing Waters."

MISSISSIPPI'S Greatest Agricultural and Industrial Exposition

## TIGERS EDGED 12-8 BY OLV IN THRILLER HERE THURSDAY NIGHT

The Bay High Tigers again fell in defeat as Our Lady of Victories Eagles came from behind twice and finally edged them 12-8 in one of the most thrilling games played here in some time. The game was played Thursday night at St. Stanislaus Stadium.

Main lineup of the Tigers came when star quarterback Donald Cole was injured in the second quarter and had to leave the game. This broke up the Tiger split-T attack.

Bay High got off to a tremendous start. After receiving the kickoff they went over fifteen straight plays in which they gained from 2 to 15 yards each play. This march covered about 70 yards and 5 first downs before it was stopped deep in Eagle territory.

However, they soon regained the ball and early in the second period sophomore halfback Henry Monti climaxed another drive by scoring on a 28-yard punt. The extra point attempt failed and Bay High led at the half 6-0.

In the first half the Tiger line held OLV to 53 yards while the BHS backfield gained 129 yards. The situation looked well for the Tigers until their

OLV BHS

OLV	0 0 6 12
BHS	0 6 0 2-8

quarterback, Donald Cole, was injured just before the half ended. Cole was not able to return due to a badly cut lip and the Tigers had to complete the game without the aid of their versatile star.

An interesting fact of the first half was that not one penalty was made.

In the third quarter the Tiger line again went to work and forced OLV back to the two yard line. The Eagles then punted out with the ball hitting around the 38 yard line but bouncing among Tiger players and rolling to the 50 where it was recovered by the Pascagoula player.

OLV then began their 50 yard drive and it was climaxed when William Oden scored from the one. The Tiger line tightened up to stop the extra point and when the third quarter ended the game was in a 6-6 deadlock.

In the final quarter the contest turned into a bitter and tough affair with both sides eager to score and going all out to cross the goal line.

Again the Bay High backed OLV up against their goal but this time it was with the aid of quick 15 yard penalties against the Eagles. OLV quarterback Billy Brabston, who later scored the Eagle's winning TD, was attempting to kick the visitors out of their half but he stepped into the end zone for an automatic safety. This gave Bay High an 8-6 lead, and with about three and a half minutes left

in the game OLV was kicking off to the Tigers from their 20 yard line. The kickoff was taken on the thirty and about the mid-field stripe the Tiger punter was hit hard and fumbled, with OLV recovering. This was the fourth fumble Bay High lost in the second half.

With the clock ticking off the last three minutes and the goal line still fifty yards away, OLV began mapping out their plan. The pitcheater play which had worked a couple of times before against Bay High was ordered by Eagle Coach Leslie Patrick. A few plays later it clicked as Billy Brabston took the ball and ran around right end, then cut to the middle of the field and covered 48 yards to give OLV their winning touchdown.

The extra point failed but the Eagles had then 12-8 win.

The extra point failed but the Eagles played in Our Lady of Victories hands. They gained 149 yards. The Tigers were able to gain only 59 yards while losing 24.

The contest was completely a ground game. Not one pass was completed. The line interception was a beautiful one as OLV's Brabston hit end Seward when coming down after jumping high to catch the ball. Tiger fullback Hugo "Go Go" Favre lived up to his name, grabbed the ball out of the receiver's hands, and wasn't brought down until he entered OLV's territory. This play took place in the third stanza.

The lineup showdown was made by the Tiger's end, Kent Seltzer. OLV was about to climax their second period drive and were only five yards away from the goal with two plays to go for a first down. Seltzer broke through the line to nail the quarter back seven yards back and the Tigers held the checked until moments later the half ended.

Henry Monti, Hugo Favre and Tommy Holden sparked the Tiger offense.

**KILN DROPS 3 STRAIGHT AS PASS EMERGES WITH 31-14 TRIUMPH FRIDAY**

The Kiln Wildcats lost their third straight game of the season as the Pass Christian Pirates emerged with a 31-14 triumph at the Pascagoula field last Friday night.

Kiln held Pass Christian on equal terms in the opening quarter as neither team could score, but the Wildcats fell behind in the following quarter.

Pass halfback Monte Dale ran 70 yards from Kiln's 15 to the 5 to set up a score which seconds later he completed. The extra point attempt failed and Pass led 6-0.

Twice more Pass Christian scored in the second quarter as quarterback Leroy Westovich passed from the Wildcat's 25 to end Dolph Tillman, who ran from the 18 after catching the ball.

KHS PCH	
Passes attempted	8 14

KILN	0 7 0 7-14
PCHS	0 18 13 0-31

and Westovich himself climaxed a drive by going over from the two. Again both attempts at the extra point failed. But Kiln was able to run into the score column before the half ended as backfield Cleveland White hit right end, reversed his field and outsped pursuers for a 58 yard touchdown run. Quarterback Larry Ladner added the extra point but Kiln was trailing 18-7 at the half.

The Pirates hit for two more touchdowns in the third period when Leroy Westovich passed to brother Maurice Westovich for a 25-yard TD play and later in the same period Cunningham raced 35 yards around left end to score. Kiln punt led set up the play.

The extra point on the first touchdown was good but the second attempt failed. This gave Pass High a 31-7 lead.

Just before the game ended Kiln star halfback Russell Mitchell intercepted a Pirate pass and raced 45 yards to score. Ladner added the extra point and that completed the scoring with the Pirates leading 31-14.

Leading Kiln's squad in the backfield were Russell Mitchell and Larry Ladner, while Huey Henley kept the Kiln line in good order.

The team of Westovich and Tillman at ends paved the way for most of the Pirates' scores, while Dale, Leo Tillman, and Cunningham kept the backfield in top shape. In the powerful line of the Pirates Gerald Scoper

## Bay High Tigers to Host Pirates Tonight In Try For First Victory

Tonight at St. Stanislaus Stadium the Bay High Tigers will host the Pass Christian Pirates.

The Tigers will be out seeking victory number one with their long time rivals from across the Bay. Last year the Pirates defeated Bay High 19-0.

Coach Lance Lumpkin of the Tigers expects plenty of trouble out of the Pirates. "They are an up and coming ball club and equal to us in weight and experience," Coach Lumpkin said.

"The passing skill of Pirate quarterback Jerry Palmisano will give the Tigers plenty of trouble," Lumpkin told the EAGLE. "We will caution our defense team to watch Palmisano and Dolph Tillman."

To aid Donald Cole at quarterback, the coach has brought up Grady Perkins who has been playing with the Junior team. Perkins and Donald Landers will both back up Cole, and Landers also will fill in at the half back position.

The Pirates, who are undefeated, have topped Kiln 31-14 and tied 6-6 with d'Iberville.

The Tigers have lost both their games on fumbles. For the last week, Coach Lumpkin has been stressing ball handling and quicker and smoother handoffs.

## MAROON TIDE EDGES INDIANS 8-6 FRIDAY IN PICAYUNE

The Picayune Maroon Tide made good use of an early safety as they handed the Biloxi Indians their second straight defeat by the score of 8-6 at Picayune Friday night.

Picayune cracked the scoring ice midway in the first quarter when Maroon end Luther Beech broke through the line to block an Indian kick on the

114 yard line and send the ball rolling into the end zone. Before Biloxi could retrieve the ball and run out of the end zone the runner was tackled by Picayune.

But a few minutes later in the same quarter Biloxi gained 70 yards on a pass play from halfback Ronald Stohler to end Shelton Webster, with Webster scoring. This gave the visitors a 6-2 first period lead.

Luther Westovich saved the game for Picayune in the second quarter when he climaxed a 65 yard drive by taking a pass from back Holcomb to scout across the goal line. This gave Picayune an 8-6 halftime lead and that was the winning margin as the second half was fought to a standstill.

## LEGION TO PRESENT COLORS, MAN PA AT HOME GRID GAMES

As in previous years, the Color Guard of the Clement Bontemps Post 139 are making the presentation of the flag at local football games played by the Bay High and St. Stanislaus.

Participating last week were Clois Dedouze, Harold Krankey, Roland LaFontaine and John D. Rutherford Jr.

The Legion PA system was manned by Colbie Heitzmann. The colorful play by play account of the game was made possible through the cooperation of a sputter furnished by the Bay team.

Announcement of the erection of a press box at the Stadium was made last week by Brother Phillip. This needed facility is expected to be available for use by the Legion announcer at all games starting this week.

And Robert Saucier were cited for fine plays.

The contest was marked with 21 penalties for a total of 215 yards. Of this yardage, 135 of these yards cost the Pass Christian eleven potential scores.

## SPORTS VIEWS and REVIEWS

BY CHRISTOPHER BELL

Tonight the Bay High Tigers go after victory number one for the third time. In their first two games they fumbled victory away.

The Tigers will face undefeated Pass Christian. In their first game they tied d'Iberville, and last week defeated Kiln 31-14.

Both teams will be depending a lot on an injured quarterback. Last week the Tiger lost on services of Donald Cole before halftime and that possibly cost them a win over the OLV Eagles.

Cole received a badly cut lip, but Coach Lance Lumpkin said he felt pretty sure Cole will be able to play.

The Pass Christian squad will be relying on Jerry Palmisano, their ace passer. Palmisano has a bad left leg which has been giving him a lot of trouble. Coach Lumpkin of Bay High has been warning the Tigers of the quick and accurate passing of Palmisano. Leroy Westovich and Dolph Tillman will be on the receiving end of most of Palmisano's tosses.

If the Tigers can hold the football, they can hold the Pass Christian Pirates.

The St. Stanislaus Rockchaws are still sporting an undefeated record with their 12-9 win over Foley and last week's 6-6 tie with Vigor.

After a scoreless first half, Rockchaw fullback Woody Santa Cruz took the ball on the 30-yard line and cut through the middle of the Vigor line on the famed "Eddie Price Special" play, crossing the goal line for a touchdown. But the Vigor eleven tied the contest at 6-6 midway in the final period.

Tomorrow night at SSC Stadium the Rockchaws will host the powerful Moss Point Tigers.

Last week Moss Point upset Brookhaven, which in the Associated Press standings was rated third in the Mississippi Big Eight conference.

The Big 8 is composed of the eighteen largest schools throughout the state.

Earlier the Moss Point Tigers defeated Biloxi.

Stanislaus will enter the game as the underdog. Coach Fairley Day said, but the boys will be up to par for the game.

Although a probable lineup has been given for the Rocks, last minute changes might see Walter Gex and Alfonso Aldapa enter the backfield positions as both have been fighting hard to gain starting positions for the game.

Robert Duke also has been doing his share to start at one of the tackle spots, and Frank Hille is pushing Mooney and Seaford for a berth at guard.

The Coca-Cola Co. of Gulfport has donated a new \$1500 electric scoreboard for St. Stanislaus Stadium.

Maurice Artigues, member of the St. Stanislaus Student Club, who was favoring the movement, said that the board is ordered and should be here in about two weeks.

J. C. Milner of the Coca Cola Company is presenting the board to Bay St. Louis as a civic project, since the public schools here also use the stadium for their games.

The board will be about sixteen feet high and twenty-two feet long. The score, quarter, down, yards to go for a first down, etc., will be flashed on the board from a control switch.

Last week the Kiln Wildcats were overplayed by the Pass Christian Pirates to the tune of 31-14.

Kiln's only scores came in the second and last quarters. In the second quarter Cleveland White was going around left end, reversed his field, and ran 58 yards to score. Larry Ladner added the extra point.

In the final period Russell Mitchell intercepted a Pirate pass and ran 45 yards for Kiln's second TD.

The Pirates scored three TD's in the second quarter on a short run by Marvin Daly, after he had run 70 yards to set up the play, a 25 yard pass from Westovich to Tillman with Tillman running 18 yards, and another run by Westovich. In the third quarter they scored twice more on a 25-yard pass from Westovich to his younger brother and a 35 yard run by Cunningham.

The Wildcats are progressing surely but slowly. In their first game they failed to score. In their second they hit for one TD and in the third they scored two touchdowns.

Next Tuesday the Wildcats will journey to Lumberton to meet the Lumberton squad. Lumberton defeated Columbia Training School 26-0 and Collins 19-13.

Next weekend Kiln will have their homecoming with Rocky Hill from Lucedale. The date will either be Thursday night or Sunday afternoon.

## Some to grow on

It looks a little big at first. But you know from experience you need to allow for growing.

That's the way it is with electricity. Your electric company always works and plans ahead to have some extra for your future needs. So that, no matter how many appliances you add to your home, you can always count on all the electric power you want.

The average American family is using twice as much electricity as it did ten years ago. And the electric light and power companies are planning to have half again as much more ready by 1960. So, you see, there's plenty to grow on!

## United Nations Day

United Nations Day October 24 is the official birthday of the United Nations. October 24, 1945 was the historic day that the United Nations Charter was signed into being.

In 1947 the UN General Assembly passed a resolution sponsored by the United States which declared "that Oct. 24 shall henceforth be officially United Nations Day" and shall be devoted to making known to the people of the world the aims and achievements of the United Nations and to gaining their support for the work of the United Nations.

This international action established for the first time in history a day devoted to furthering international understanding and peace.

In 1948 the US Government formed the United States Committee for the United Nations Day to promote the observance of UN day in this country.

Each year since then, the American people, in ever-increasing numbers, have been observing United Nations Day, thereby helping to support the United Nations by strengthening the popular foundations of this most important of international organizations.

Bay St. Louis has gone all out this year to help further the understanding of our Community, whereby all Business places, Schools, Organizations, Religious groups, Theatres, Youth Centers, are participating with a program in display of some sort.

CORN CHAMP TOPS  
OWN 1953 RECORD  
The world's champion corn producer has broken his own record.

He is Lamar Ratliff, 15-year-old Prentiss county 4-H Club member.

His official yield this year is 218 bushels per acre, despite the most severe drought in several years. In 1952, he produced 214 bushels per acre, which has been recognized as the highest corn yield ever measured by qualified agricultural workers.

This is a new world record unless a higher one is officially reported this year. Announcement of Lamar's yield was made by county agent W. T. Smith of Booneville.

EFFICIENT MACHINE  
A new type of mechanical cotton "chopping" machine demonstrated earlier this month to several hundred Delta farmers, was demonstrated again last week at a plot owned by Triamline Implement Co. of nearby Lyon.

A. J. Moseley, president of the company, said the second demonstration was arranged because many farmers had asked to see how the machine operates. Moseley described the machine as the most efficient ever designed for removing weeds from cotton fields mechanically.

Mr. and Mrs. Paul Miller and Joyce of New Orleans visited with the parents, Mr. and Mrs. Carl Miller, Saturday.

Donnie Strahan, who is attending Pearl River Junior College, spent the week-end with his parents, Mr. and Mrs. Stanley Strahan.

Mr. and Mrs. Elliott Casanova Jr. of Bay St. Louis spent the week-end with his parents, Mr. and Mrs. Elliott Casanova Sr.

Mr. and Mrs. Walter Gex Jr. and Mr. and Mrs. Vic Leveau traveled to Memphis this last week-end where they viewed the two Mississippi College football games played there Saturday.

Mrs. Carrie Nolan of Hanksboro and Miss Adelaide Lyndall of New Orleans were weekend guests of Mrs. J. W. Kern Sr.

Joseph Kern Jr., who is a student this year at Mississippi Southern, was home for the week-end with his mother.

Mrs. Charles Beyer, Mrs. Waldo Otis and Mrs. Frank Kiefer attended an executive Board meeting of the Coast Council of Garden Clubs held at the Markham Hotel Tuesday morning. The meeting was for the purpose of laying plans for the Coast Spring Pilgrimage.

Mr. and Mrs. Frank Cooper visited their son, Billy, who is stationed in Memphis with the USMC.

Members of the immediate family met this afternoon at the home of Mr. and Mrs. Harold Weston on S. Beach to celebrate the birthday of Mrs. Weston's mother, Mrs. Minnie Briggs.

Mr. and Mrs. Jim Pfeiffer and family moved last week-end from Cedar Point to 426 Main Street.

Mr. and Mrs. Walter Gex Jr. and Mr. and Mrs. Vic Leveau traveled to Memphis this last week-end where they viewed the two Mississippi College football games played there Saturday.

Mrs. Carrie Nolan of Hanksboro and Miss Adelaide Lyndall of New Orleans were weekend guests of Mrs. J. W. Kern Sr.
